

Dear Parents/Carers,

We are Sportacus: the home of extracurricular clubs, PE, sports coaching, learning mentors, wrap around care, specialised football coaching and much more. We work in partnership with schools, football clubs, companies, private individuals and the local community in a wide range of roles, in a number of locations across south east London and Kent and consider ourselves one of the most diverse companies in our industry.

We are Ofsted registered, all of our coaches hold enhanced DBS checks and are all emergency first aid trained. We have over 30 highly skilled, punctual, experienced and motivated coaches from different backgrounds ready to inspire your children through the power of sport, physical activity and all things extra-curricular.

We are pleased to announce that from September 2023 we will be running a brand new selection of clubs for your children to enjoy, and flourish in.

Our extra curricular clubs are open to children from Year 1 all the way up to year 6. In the Spring and Summer terms, clubs will be open for Reception children also.

Dodgeball

Dodgeball is an exciting, high energy invasion game which requires a wide range of skills such as throwing, catching, dodging and jumping. Each week your child will play different variations of the game either on their own or as part of a team while developing skills and having fun.

Art Club (KS1 - Monday & KS2 - Tuesday)

In our art club your child will experiment with different techniques, mediums and materials and work on projects with different weekly themes. Classes will include drawing, painting, printing and collage. Children will learn about the basic language of art and design: shape, colour, texture and pattern and look at different artists' work.

Football

Join the Sportacus coaches for a programme full of skills, games, competitions and matches. Our FA qualified football coaches have an action-packed time in store to help your children develop new and existing skills in a fun and nurturing environment.

Dance

We use games and exercises designed to build self-esteem and confidence in a fun and encouraging way. Children create their own dances, play fun dance-based games, develop fundamental movements and improve balance and coordination in a friendly and fun environment that covers different styles of dance. This session is suitable for both those familiar with dance and to those who would like to give it a try for the first time.

Forest School (Capped at 30 children)

Forest School is a child-centred inspirational learning process that offers opportunities for holistic growth through regular sessions. It is a long-term program that supports play, exploration and supported risk taking. It develops confidence and self-esteem through learner inspired, hands-on experiences in a natural setting.

Gymnastics

Sportacus gymnastics sessions cover a range of areas including: rocking and rolling, shapes, landing, and travelling. Your children will use a range of equipment to develop their balance, strength, agility and coordination by our knowledgeable and energetic coaches in a supportive and positive environment.

Lego Club

Teamwork, social skills, communication, language skills, problem solving and spatial awareness are just some of the many benefits of Lego. In our Lego club your child will build their way through a series of weekly tasks on their way to becoming a Lego master builder. They will learn to plan, create and collaborate in this fun classroom-based session with a different theme of focus each week.

Multi Sports

Our multisport club lets your child play different sports and games each week. From classics to new and up and coming games, this club is Ideal for children who like to work on their own or as part of a team and to try new things and learn new skills in a fresh and exciting environment.

Drama

Our drama club uses games and techniques designed to build self-esteem and confidence in a fun and encouraging environment. Learn performance techniques, play fun drama-based games and work on performance pieces with like-minded people. This session is suitable for both those familiar with drama and performing arts and also to those who would like to give it a try for the first time.
