

# Computer Science

## What is an Algorithm?

An algorithm is a sequence of instructions to complete a task. For example, I would follow the recipe to make a cake.

## What is Coding?

Coding is the language that helps the computer to follow the algorithm.

## This is my algorithm

### Travelling to New York.

- Leaving house
- Getting the taxi
- Driving to the airport
- Go to check-in desk
- Go through security
- Head to the departure lounge
- Locate to boarding gate
- Go to boarding check-in desk
