

# Year 3 Spring 2

2 ZERO HUNGER

*'End hunger, achieve food security and improved nutrition and promote sustainable agriculture'*

Children will work towards Sustainable Development Goal 2 throughout this year.

## Music

Children will develop their understanding of beat, metre & rhythm. They'll combine melodic & rhythmic patterns, and use staff notation as part of a performance. Furthermore, they'll serve up a feast of chants, songs and performances through composing word rhythms & musical recipes.

- Time
- Food & Drink

## PE

Children will explore different running speeds, working both individually and as a team. With our PE coach, they will become Rugby pros, consolidating & improving the quality of their technique & ability to link movement. They'll also work on building their stamina for a game.

- Mighty Movers
- Tag Rugby

SDG: 2

## History

Children will begin to explore the Plantagenets, starting with their first King - Henry II. They'll understand more about the legal system and Rule of Law. This topic will be full of debate, murder and conflict!

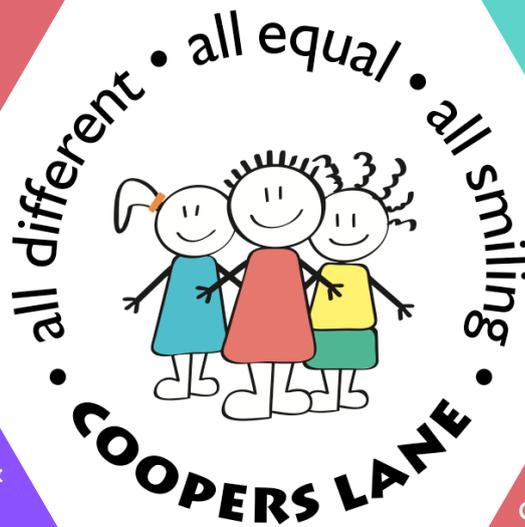

- Legal Systems
- Trial by Jury
- Murder of the Archbishop
- Conflict

## Let's Learn Together

Enjoy looking at plants out and about - what do you notice over time?

## RE

Children will discover more about Sikh Teachings and Sikh life. They'll learn about the three important rules and listen to stories about these. They'll understand how worship is important to the Sikh faith.

## PSHE

Children will learn more about different groups and communities, seeing how they all fit into living in the wider world. They'll explore diversity, and the ways in which people can be inclusive and respectful to others.

## Science

Children will build on their knowledge of plants, exploring their requirements for life and growth. They will investigate how water transports within them, and look at the different parts of flowers that play a key role in their life cycle, including pollination, seed formation and seed dispersal.

## Computing

Children will make and share a short screencast presentation as they become vloggers!

- Use search technologies effectively
- Select, use & combine a variety of software on a range of devices
- Create a screencast video of a narrated presentation

## Art & DT

Children will experiment with materials and combine them to make Greek Vases. They will explore the history of them, and using the skills from last term, decorate and finish their vases in an Ancient Greek style. With food, they will also begin to think about and experiment with seasonal foods.
