

Year 6 Summer 1

16 PEACE, JUSTICE
AND STRONG
INSTITUTIONS

'Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.'

Children will work towards Sustainable Development Goal 16 throughout this year.

Music

Children will celebrate their achievements at the end of Primary school with a musical awards show. They will work towards a final grand ceremony which will have awards presented along with fanfare, rap, song and famous music.

- Class Awards

PE

Children will identify and practise gymnastic, symmetrical and asymmetrical shapes and balances. They will use all of their prior knowledge to construct sequences which includes counter-balances. With our PE coach, they will build on their tennis skills, refining techniques for the different strokes.

- Gym Sequences
- Tennis

SDG: 16

Geography

Children will explore the continent of North America, comparing migration routes from the early days of the United States of America up to the modern day. They will look at different climates, landscapes and settlements, as well as mountains, rivers and the tornado belt. They will also learn about Canada and the Great Lakes.

Let's Learn Together

Can you cook some American foods from scratch? Which recipes will you try?

RE

Children will continue on their journey through Judaism. They'll learn more about prayer and worship, understanding that the home and the synagogue have equal importance. They will look at family celebrations including bar and bat mitzvahs.

- The Shema
- Synagogue

PSHE

Children will learn about different kinds of relationships in their lives, including romantic or intimate. They will understand that people who are attracted to, and love each other, can be of any gender, faith or ethnicity. They will discuss that marriage should be wanted by both parties and nobody should be forced into it.

Science

Children will look in depth at the human circulatory system. Through practical activities, they will learn to identify and name the main parts of the system, as well as describe the functions of the heart, blood vessels and blood.

Computing

Children will become travel writers this half term! They will research a location and produce media content to document a trip.

- Understand how computer networks provide multiple services
- Use search technologies
- Use and combine a range of software to design and create content

DT

Children will learn about mechanical systems that are used in moving vehicles, before designing and building their own. They will look at aesthetics, thinking about how to hide joints and streamline their buggy. Finally, they will race against each other to see who is the fastest!
