FUN IN THE SUN

It's been a wonderful week for Year 6, who have been on their school journey to the Kingswood Centre in Kent. The children have been having an amazing time at the adventure centre as you will see below and on the school twitter. After missing out in Year 4 due to covid, this trip has been even more significant for the children. The children who didn't go had their own special home journey, with lots of days trips and exciting activities all week.

Plans are really under way now for the summer fair, so make sure you keep 25th June free in your diary!

Have a lovely weekend!

KEEPING IN TOUCH

On Monday, the Coopers Lane **Centre for the Deaf** hosted the annual **Keep in Touch Day for Deaf pupils** from primary schools across the Borough. We had a fantastic day getting to know each other and forming new friendships, with the wonderful Coach Nick leading team building games throughout the day. The children learnt about creative Deaf role models and then developed their own creativity through art. An amazing time was had by all!

PRE-LOVED TOYS WANTED FOR OUR SUMMER FAIR !!!

The PTA are running a toy stall
at the Summer Fair
on Sat 25 June.

And we are looking for toys! It's your chance to have a
clear out and donate all those preloved toys suitable for
ages 3-11, and help raise funds to support the new library

The toys must be complete & in full working order

You can either arrange drop off with Jacks Lampon via
info-pta@cooperslane.org or take to the school office
labelled 'PTA TOY DONATION'.

COOPERS LANE
PLATINUM JUBILEE SUMMER FAIR
Saturday 25 June 2022
12noon - 4pm

NURSERY

This week the children asked for the fancy dress costumes to be out. We had a discussion about making a clothes shop, using all of the dress up clothes. We decided this would be best if we had it in the garden because of the lovely sunshine. The children helped get the shop ready and then took turns to work in the shop and to be customers. The shop is full of wonderful costumes; bags, hats, shoes and even lots of costume jewellery. As you can see, the children really enjoyed it.

RECEPTION

This week, in Reception we have loved learning more about our wonderful world. We have been looking at the different types of animals in the world, where in the world they live and what types of habitats they live in. We have designed our own fact files and made our own habitats in Forest School. We were shocked to find a baby slug in our bug hotel!

YEAR 2

As part of our geography topic, The United Kingdom, we have been learning about the UK's climate and why the weather can be so changeable. Some of us became meteorologists and gave an in-depth weather report. We're enjoying the warmer weather and Westminster class took the opportunity to plant some flowers in our planters. We've also had fun making our own paper planes and seeing how far they can fly!

YEAR 1

In the Continuous Provision this week, Year 1 have made great use of the sunny weather and explored our creative learning in our outside area. We imagined we were shopping and bought items from our kitchen shop. Some of us worked together to build a den. In the classroom, we have learnt how to use prepositions in our story writing. We used wooden blocks to create a tall model of the Burj Khalifa which towered ABOVE our heads.

YEAR 3

In RE this week we were learning about Buddhism and the Four Truths. Some children went into the Peace garden to collect natural resources to make a Zen garden. In Literacy we were training to become Vikings and part of the training included sneaking into a dragons cave to steal a dragon- we were stealth-like and managed to sneak past our teachers and capture a dragon! Lastly, Rosie Revere the Engineer, set us on a task to make our own inventions, linked to school, with recycled materials. Watch out Dragons Den; we have some amazing inventors!

YEAR 4

In PE this week - we took it outside in the glorious sunny weather. Here you can see us sharpening our skills and practising for the KS2 Sports Day! It's never too early! During our work-out, we completed mini 'egg and spoon' races, team running with the baton, hurdles and skipping. Everyone worked so hard. Well done Year 4!

YEAR 5

In Year 5 this week we had a special visitor from the Lewisham Islamic Centre. Shakeel, who is the Imam, came to Coopers Lane to speak with us about Ramadan and the Five Pillars of Islam. We got to see the Qur'an, a prayer mat and ask some questions of our own. A massive thank you to Shakeel and a big well done to Mohamed, Lina and Jayden (three of our own pupils), who recited some chapters in Arabic for us all.

YEAR 6

This week, most of Year 6 have been at the Kingswood Centre in Kent for their school journey. It's been an incredible week of fun and adventure, with all of the children stepping out of their comfort zone and challenging themselves. What a wonderful adventure it's been!

Some of the children stayed at school and had home journey instead. They had a wonderful time, with day trips and exciting activities in school. This included the London Aquarium, Mini-Golf, Pizza Express and baking!
