### HOT, HOT, HOT

It's been hot, hot, hot in school this week, but the children have coped really well. Playtimes and lunch times were moved around a bit, so that the children had shorter bursts in the playground and we made sure that the children had plenty of water. To help keep the children safe and well, please remember to apply suncream to your child before they come into school on sunny days, and make sure they have a hat and water bottle every day through the summer.

There was great excitement this week as we opened the new library to the children for the first time. They absolutely love the new space and I'm sure it will quickly become a favourite place to visit for many of the children.

Have a lovely weekend.

### GIFT A BOOK

We have teamed up with Moon Lane Bookshop and set up an online book wish list, where you can buy books to be donated to the school's library. The list is made up of the books the children said they would like in the library.

To donate a book, all you have to do is follow the link below, pay for the book you want to buy, and then Moon Lane will source the book and send it to school. It's simple!

<https://www.moonlaneink.co.uk/coopers-lane>

There are books for every year group to choose from and each book purchased will be sent to school and put in the library. We think this is a wonderful idea, so thank you to Victoria Morris (PTA) for suggesting it. We can't wait to see how many books from the wish list we get!

### UPCOMING DATES

#### JUNE

- 21st: Canary Wharf Class Assembly
- 24th Year 1,2,3 Sports Day
- 25th: Summer Fair
- 28th & 29th: Class Photos

#### JULY

- 1st: Y4,5,6 Sports Day
- 5th: Reception Sports Day
- 7th Tower Hill Assembly
- 12th & 13th Y6 Production
- 15th Broadstairs Trip
- 19th Y6 Graduation & BBQ
- 21st Last Day of Term

## NURSERY

Our topic this term is Under the Sea. One of the children suggested that we make a rainbow fish card for Father's, Grandfather's and Uncle's Day. We made them using our fingers to paint the scales. They are amazing! We also had fun with the water in the sun. We got soaking wet but the sun dried us very quickly.

Look how beautiful and colourful our wild flowers are! The children have tended to them really well and they are attracting lots of lovely wildlife.

## RECEPTION

This week, we have been learning about the sea. We used the water tray to role play life at sea and the transient art area to create a seascape. We have also been practising our doubles using the floor dominos.

## YEAR 1

Year 1 went on another fantastic learning walk around Grove Park nature reserve. Tower Hill and Green Park were seeing what they could find around the woods and London Bridge even got to climb a tree! We have also been learning about counting to 100 and we have been discovering all about the famous London landmarks, like Big Ben! As well as this, we have been busy doing our Maths and Reading question papers. We are so proud of how well the children have taken on the challenge!

## YEAR 2

Year 2 read the book 'Dragons Love Tacos' this week and we've really enjoyed it! We have designed our own tacos to give to the dinosaurs. We've also enjoyed reading some poetry this week. In maths, we've continued our learning on time and can now read analogue clocks to the nearest five minutes. We loved visiting our new school library- it's amazing! We can't wait for another visit next week.

## YEAR 3

This week in Year 3 we visited the new library, chose a book and were able to read for enjoyment on the lovely new bean bags and other seating areas. The range of books is fantastic and everyone got to take a book home this week. In PE this term we are looking at Contemporary Dance- we started by linking four movements to a drum beat, but freezing in between each movement. There were lots of jumps, tucks and stretches!

## YEAR 4

While the sun has shone it's brightest this week, Year 4 started their last assessments of the school year. So many excited faces appeared when we started those tests! To take a break, we had our introduction to the new Coopers Lane Library. Here we are enjoying the relaxing surroundings and the excellent selection of books. It was a lovely break from all of our hard work. Thank you to all the adults who put it together. We love it!

## YEAR 5

This week we were lucky enough to have a live zoom session with Whipsnade Zoo and we loved seeing the penguins – we even saw them being fed! During the lesson, we learned all about different animal life cycles and made comparisons between them. In History this week, we found out about the British rule of India and the Battle of Plassey. We then designed our own placards, so we could hold our own protest in the playground.

## YEAR 6

This week Year 6 travelled back in time and became 'Suffragettes'. We learnt all about what life was like for women in Victorian England and why they wanted things to change. After learning about the ways in which the Suffragettes fought for their beliefs, we decided to hold our own march to demand that women be given the vote. We made posters and sashes before marching around the school, shouting our message for everyone to hear. We also threw objects at important buildings, chained ourselves to the fence and reenacted the moment Emily Davison jumped in front of the king's horse!
