### Thank You Ma'am

Such sad news for us all to hear of the passing of Queen Elizabeth II yesterday. She was a beacon of positivity and a shining light, setting an example to us all. At this saddest of times, we must also reflect on her life and be thankful for the incredible legacy she has left behind.

Thank you Ma'am.

It's been an emotional end to the first week of the new school year, but what a wonderful week we've had. The children have all settled really well and there has been an overwhelming sense of happiness filling the air all week. A highlight for me has been welcoming the new children and families to reception and nursery. It's going to be a fantastic year at Coopers Lane!

Have a lovely weekend.

### UPCOMING DATES

#### September

13th Year 6 Parent Meeting 6pm  
19th Year 1 Parent Meeting 9am  
20th Year 2 Parent Meeting 9am

KS1 PLAYGROUND, 3PM - 3.30PM

Monday 12th Sept

Thursday 22nd Sept

Monday 26th Sept

Thursday 6th October

Monday 10th October

Thursday 20th October

## RECEPTION

Reception started their Coopers Lane journey this week. They enjoyed exploring the inside and outside areas, meeting new friends along the way. We look forward to being part of their reception journey.

## YEAR 1

What a wonderful start to the year and what a pleasure it has been to see the children with beaming smiles all week.

Emile and Charlotte created stick versions of themselves and used adjectives to describe their wonderful work at the Art table. In addition, we've been learning about the spacial environment of the classroom with pictorial mappings. We followed this with a beebot activity that allowed the children to give directional instructions around the classroom.

## YEAR 2

We are so proud of how well Year 2 have settled in during their first week back at school. They have shown all of our school values and we have loved getting to know everyone. In our lesson on Rights, we have focussed on the Right to Clean Water and Sanitation by learning about the Sustainable Development Goals and learnt that not everyone is lucky enough to have easy access to clean water. In PHSE, we thought about how we can be good friends and created our very own 'Good Friend' hats.

## YEAR 3

In year three this week we have been working really hard on practicing our place value knowledge. We used different resources to represent numbers such as base ten and bead strings. Look how we smiled when we succeeded in our challenges!

## YEAR 4

We have worked so hard this week! In

Reading we have enjoyed an information text called 'The Big Book of Beasts'. In writing we have explored just how special and unique each of us are. In Maths we've practised our 6x tables, explored number lines and solved many problems! Today, we had our History launch day, where we spent time exploring old artefacts, making puppets and learning about the worst and most disgusting jobs of the Stuart Times!

## YEAR 5

We have had a fabulous first week back and we had great fun kick-starting our first Geography topic with our Launch Day. First we learned what the Seven Summits Challenge' is and found out what the largest mountain in each continent is. Next, we solved riddles to find photos of the seven summits, and had a guess at ordering them from largest to smallest. Then, we created our own model mountain range. We included a flag for each mountain with its name, height and the continent it is in. We were so proud of our models and had great fun!

## YEAR 6

Year 6 have had a wonderful first week back! We have loved getting to know our new teachers and classrooms and we have completed lots of art work this week, including some amazing self-portraits. We took a photo of half of our faces and used sketching and shading to create the other half with some brilliant results!
