COMMUNITY

What a wonderful morning we've just had at the Year 1,2,3 sports day in Northbrook Park. The weather was perfect, the children had fun, the staff had fun and an amazing crowd of family and friends cheered everyone on and joined in the fun too. The Coopers Lane community really is very special.

It's been a lovely week in school, with a highlight for me being the Canary Wharf class assembly on Tuesday. It was absolutely wonderful to see the children perform so brilliantly and with such enthusiasm. Well done Canary Wharf.

Of course, the week isn't over yet and tomorrow we have the annual Summer Fair. It's going to be an amazing day with lots of amazing activities for everyone, so I hope to see you there.

Have a lovely weekend.

Y1,2,3 SPORTS DAY

The children in Year 1,2 and 3 had an amazing morning at Northbrook Park today for sports day.

HOW ARE WE DOING?

Please take a few minutes to complete our parent and carer survey. This is your opportunity to let us know how we're doing. Your voice is very important to us and we'd love to know what you think we're doing well and if there are things we do even better.

NURSERY

This week the children have been learning about 'Windrush 75'. Our story was the 'Little Drummer boy of John John' We also looked at the story of 'Coming to England' by Floella Benjamin. Monae-Rose said "The people came from the Caribbean to England to be Nurses, but it was very cold. When I went to Jamaica it was very hot".

To celebrate 'Windrush 75' the children have made colourful musical instruments. We have been practising a Carnival dance so we can show the parents on Multi-Cultural day.

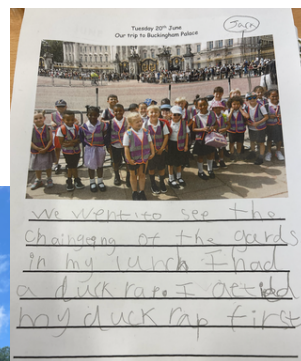

Look at Joseph with his big smile, he is having the best time in the water.

Year One have had an absolutely brilliant week. London Bridge Class, Green Park Class and Tower Hill Class all went off to visit Buckingham Palace to be tourists for the day! We walked past Trafalgar Square, Nelson's Column and the Duke of York Column. We saw the changing of the guards, in among all of the tourists! We ate lunch in St James' Park and were greeted by lots of geese, pelicans and swans! It was a really fun filled day!

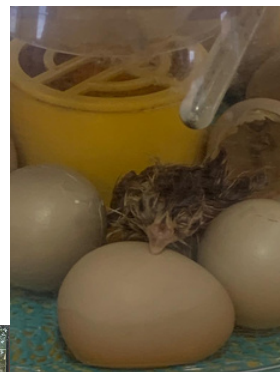

YEAR 1

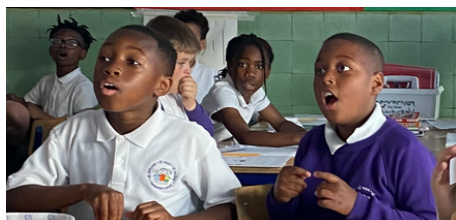

It has been a fun-packed week in Year 2! All three classes were absolutely amazing on our trip to St Paul's Cathedral and enjoyed extending their learning about the Great Fire of London - thank you to all our parent volunteers who helped out. Our exciting news is that the partridge eggs arrived this week and lots have hatched already! This is part of a conservation project so eventually the partridge chicks will be released into the wild. Thank you to the PTA for funding this brilliant and inspiring project.

YEAR 2

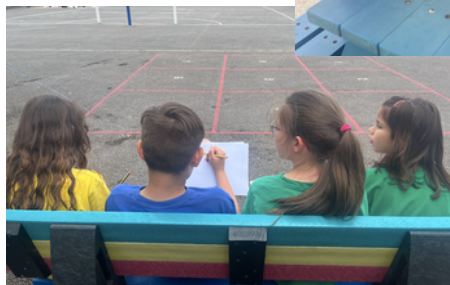

YEAR 3

This week in Science, Year 3 have explored how much sugar is in everyday foods. We completed an experiment to find out using unifix cubes to represent the sugar content, then we completed a bar chart to present our results. There were some surprising conclusions and you can see how shocked we were by our faces! Canary Wharf class also had their class assembly, they performed with confidence and enthusiasm to their grown ups! Miss Bentley was so proud of all of you.

Year 4 have been working super hard this week while completing their end of year assessments. We are so proud of you - you did it! After working so hard, we decided to make the most of the sunshine and complete some art outside. We continued on from our work with Mrs Webb on cityscapes. We had to draw what we could see in our playground, making sure we paid close attention to sizing and perspective. Our sketches looked amazing and we're proud of our work

YEAR 4

In PE, South Kensington and Farringdon started learning all about Gymnastics this week. They worked with their partners to create their own amazing sequences. They learned to make the following poses: star, dish, arch and bridge. In addition, they had to be able to hold their positions for at least 4 seconds and they worked hard to ensure their poses were symmetrical. Wimbledon also thoroughly enjoyed swimming this week and should feel really proud of the progress they have made.

YEAR 5

YEAR 6

This week, year 6 have enjoyed learning about changes in our local area since the 1900's. We looked at how some areas have changed and remained the same over time and particularly focused on the need for affordable and simple housing after WW2. We took a walk around the local area in order to identify different buildings and the era in which they were built before mapping our route on 'Digimaps'. We also spent some time thinking about how the population of Lewisham has changed, and celebrating its status as a 'Borough of Sanctuary'.
