THANK YOU

£6,233

WOW, WOW, WOW!

What an amazing time we all had last weekend at the school summer fair. I was blown away by the incredible turn out and can't thank you enough for coming along and supporting the school in this way. It was a truly magical day! Thank you

to the PTA for organising such a wonderful fair. The best news is the staggering amount of money raised to go towards school projects, £6,233... WOW!

It's been a jam packed week at Coopers Lane. We started the week with a brilliant assembly by St Paul's class. Then we had our Windrush exhibition on Wednesday, showing off the project work completed in each year group as part of the Windrush whole school topic. We then had wonderful graduation assemblies for Baker Street Class and Waterloo Class. Finishing with the Y4,5,6 sports day today. Phew, what a week!

Have a lovely weekend.

WINDRUSH

The children loved learning all about the Windrush generation and depicting their knowledge through art work and literature, showcased in our exhibition this week. Thank you to everyone who came along to support and a special thank you to the dancers and Ms White who performed for us too.

STRIKE DAYS

There are two strike days next week. The ONLY classes in school are as follows:

Wednesday 5th July

Nursery, Knightsbridge,
South Kensington

Friday 7th July

Nursery, Knightsbridge,
South Kensington, Green
Park, Monument,
Moorgate

All other classes are closed on these days.

Y4,5,6 SPORTS DAY

NURSERY

We all enjoyed another successful 'Multi-Cultural afternoon' in nursery this week. Good food, good company and great fun was had by all. We loved tasting all of the delicious foods from around the world.

RECEPTION

This week Waterloo Class and Baker Street Class had their graduation. It was a real celebration of all the progress the children have made and what a fantastic year they have had. We were so proud of them!

Year 1 have had lots of fun in provision this week. Jack and Aaron created a really tall model of the Shard.

YEAR 1

Samuel was showing the school value of kindness learning to share the IWB games with Jakaria.

Thea and Romane made Ellie May some new glasses.

Elsie and Callie treated Green Park to a story time - it was such a good reading of Hansel and Gretel! They read the whole book and the children (and adults) loved it.

YEAR 2

Year 2 had to say goodbye to the partridge chicks on Thursday- they were full of energy and even managed to jump out of their cage! In computing, we have become photographers and visited the Peace Garden and Forest School to take interesting photos of the plants. The children were so creative, using different angles and zooming in. A HUGE well done to St Paul's class for their incredible class assembly. We are all so proud of how confidently they performed and knew their lines. The fire dance was brilliant!

YEAR 3

As part of our Geography topic India, China and Japan, we have been looking at different rivers. We went on a river boat trip to compare the River Thames to famous rivers in India, China and Japan. We then walked through Greenwich Park and had our lunch, looking over famous landmarks. Finally, we spent some time playing in the park. We had a great time.

YEAR 5

Year 5 have had a super sporty week! From swimming to skipping to rounders - everyone has been persevering and using growth mindset to progress with PE, just in time for... Sports Day! We had such an amazing day today at Sports Day. Year 5 showed amazing teamwork and we loved seeing them cheer each other on. A great achievement from all, well done year 5! As well as this, we have been starting to write amazing stories for 'The Viewer', measuring volume in Maths and learning all about The British Empire in History.

YEAR 4

It was Covent Garden's turn to enjoy a visit to the famous Tower Bridge. What a fabulous day out! We learned so much about the how the engines worked in the olden days with the power of coal and steam! The brave ones even walked on the glass floor! Don't look Down! But we did, and we saw Year 3 on their river boat cruise!

In other news, we've been planting seeds in science for our topic 'Living Things'. We've got to remember to water them and let the sun shine on them too! Look out over the next few weeks for our baby plants!

In English, we took some time using the chrome books to research the inspirational Malala. We found out many facts about her. She's amazing!

YEAR 6

This week year six have been learning all about the Notting Hill Carnival. We looked at the origins of the carnival and how it was started by Claudia Jones as a cultural celebration. We created some wonderful art work showing the fantastic costumes that people wear to the carnival. In addition, we were lucky enough to have PC Andy Smith visit us to talk about how the police are involved with the carnival. We also got to ask lots of questions about being a police officer in general which was very interesting.
