PTA

The PTA are a wonderful group of parents who give up their time to put on incredible events that raise much needed funds for the school. This week the hot chocolate and Christmas jumper sale raised an amazing **£307**. Well done to all the volunteers who helped. We LOVE our PTA!

FOOTBALL TEAM

Two weeks ago, the Year 5 and Year 6 girls had their first matches of the season. They demonstrated all our school values and made us very proud. The girls worked really well as a team and celebrated each other's successes. Thanks to all the parents who turned up and cheered the girls on.

NURSERY

We have had a fantastic time in Nursery this week. The children loved playing in our Christmas cottage being Santa and the reindeers. They put food at the bottom of the chimney and waited for Santa to come down. Hanging the baubles on the Christmas tree was a great success. (Obviously most on the bottom and five on one branch).

We have also been celebrating St Andrews day, the Patron Saint of Scotland. We made thistles and the Scottish flag.

RECEPTION

We have been getting festive in Reception, this week! Song rehearsals are in full swing for our show and we have been making decorations by threading cranberries and popcorn, using needles! We made winter pictures using mixed media in provision and even made our very own advent calendar to open each day this month. Doesn't it look fantastic?

YEAR 1

Year 1 went on their first 'proper' trip on a train to the Sea Life Centre this week! And what an amazing first trip it was! They saw lots of sea life such as jelly fish, rays, seahorses, turtles, sharks, penguins and more. They even spotted Nero and Dory!

All of our children were excellent in showing our school values and represented our school brilliantly.

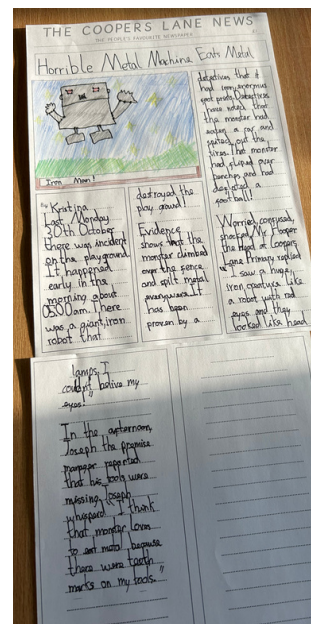

YEAR 2

Year 2 enjoyed drawing the main character, Isabel, from 'The Invisible' by following the directions of the author, Tom Percival. We also learnt about what inspired Tom to write the story. In maths, we've been adding 2-digit numbers together, using our dienes and place value grids to help.

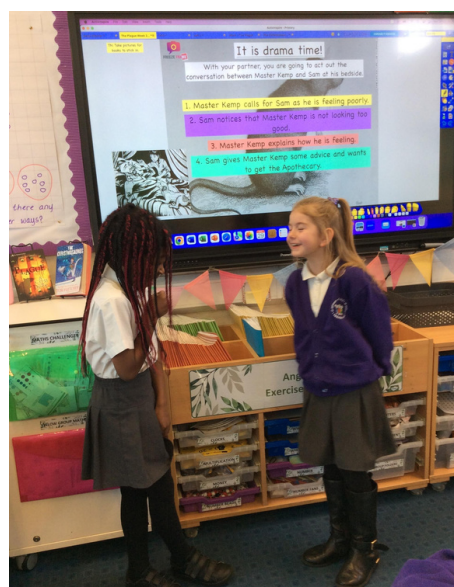

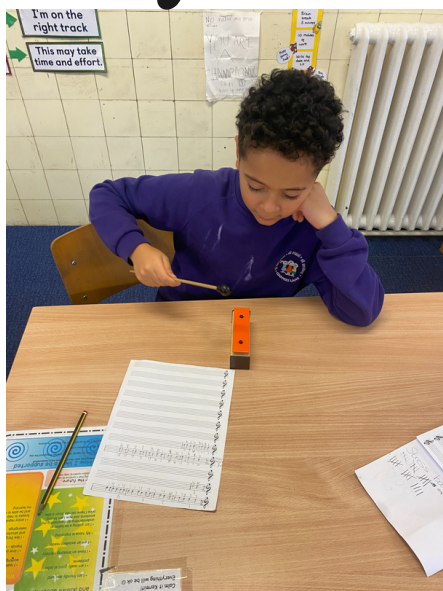

YEAR 3

This week Year 3 have been busy getting ready for their Christmas show, we can't wait to perform next week. We have also published our newspaper reports for the Iron Man, we finally found out who destroyed our playground!

YEAR 4

Music madness up in year 4 this week, as we continued to learn how to read and write simple rhythms and then played them on our glockenspiels. We have continued our exploration of the plague with lessons on writing techniques such as fronted adverbials, smilies and inverted commas. We acted out our scenes and got imaginative, ready to write our gruesome setting descriptions!

YEAR 5

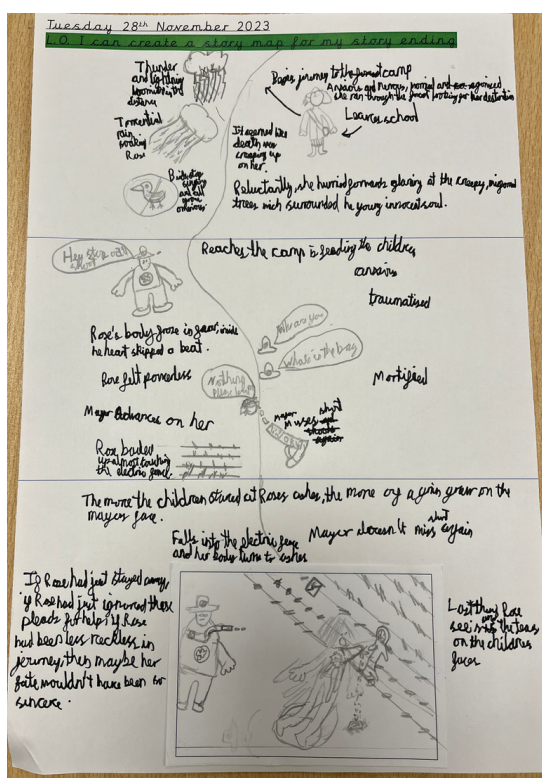

As promised, Year 5 continued making volcanoes in science. We loved getting the paint out to create realistic volcanoes.

We have also become journalists in writing. We spent the week planning and recording our own Newsround episodes to report on local news where Spider-Man saved the day in Grove Park. We used evidence boards to investigate and piece together the scene of a crime, interviewed witnesses and created headlines for our news stories in preparation for writing our own newspapers next week.

YEAR 6

This week we have been working on planning our story endings to 'Rose Blanche'. We used drama to explore some of our ideas and then created detailed story maps to help us to structure our writing. We then thought about how we could start our story endings using action or dialogue and the results were fantastic.

ACTION!
